

# **Vulcans**

**By Lyla Miklos**

**TV Guide: Official Collector's Edition:**

**Star Trek: 30 Years**

**1996**

## **Favorite Alien or Alien Race**

I love Vulcans. They are an ideal you can try and aim for. They are extremely intelligent aliens that don't lose their control. This can be a real turn on since you are so tempted to try and be the one that can break the Vulcan. I think that is why Spock is such an attraction to females worldwide. He is the ultimate challenge.
